

Don't let her age deceive you!

This 10.2m Steadcraft 28 was launched in 1987 but her tidy appearance throughout belies her age. The 200hp 6 cyl Volvo diesel engine cruises at an est. decent 16 knots and the dual steering stations give you the option to enjoy fine weather captaining from the flybridge. The roomy salon features seating for several adults either around the folding table or on the opposing couch. The fridge is conventionality positioned by the door allowing you to reach a cold beverage from the deck while fishing. The galley and head are midships and past that is the forward v-berth, additional berths are in the salon. Having spent the last 10 years on lake Taupo she's now in Tauranga ready and waiting, with down rigger installed, for you to take her on ocean fishing adventures.
