

Known for simple, spacious layout & strong seagoing structural design...
This 12.2m Challenger model launch from Pelin continues the simple, spacious layout and strong seagoing structural design they are known for. The Perkins 225hp diesel engine with shaft drive has had in 2020 a new turbo and alternator fitted and the bearings on the shaft and rudder done, this along with an antifoul and propspeed sees you ahead with the maintenance schedule for the year. With a tidy presentation below decks she is a blank canvas awaiting your personal finishing touches to make her the fabulous fishing vessel you have been looking for, so don't delay view her today!

TL4411

\$110,000

Engines

Make: Perkins 225 turbo

Year: 1980

Hours:

Cylinders:

Horsepower: 225hp

No of Engines: 1
