

This sleek 2008 model 9.25m launch from Conraad Boats NZ is known as a 'smooth operator' & will impress with the professional attention to detail and finish that is found throughout in this hand crafted vessel. Repowered in 2015 with a Volvo D6 330hp on a DPH-D stern leg with G6 duo props she provides comfortable economical cruising at up to 22 knots. The helm station with adjustable seat, auto anchor & the upgraded electronics make course setting a breeze. A Portofino style transom extension with a generous scuppers aft provides ample cockpit space & a transom door gives easy access to the wide swim step & her fold down dive ladder. The saloon is well configured with masses of stowage space under the seating. The galley has a 2 burner hob, under bench fridge & lpg hot water califont. The accommodations for four can be configured as two singles with an infill to make a double in the forepeak plus a third raised single athwartships & a further single to port. She has a separate electric head & full headroom shower area so you can freshen up at day's end. A full professional hull repaint in March 2021 compliments this outstanding launch that's packed with extras. Comes with a triple axle trailer in marine grade alloy by Alpine Trailers with braking unit & incab controller. A Sunstream floatlift is available for an additional sum if desired.
