

A family have owned this 2002 Scott Robson Powercat since she was launched and have created many wonderful memories onboard, but now its time for your family to enjoy her! Her layout has been designed with families and larger groups in mind with spaces for everyone to enjoy. Two generous social galley/dining areas opposite each other comprise of cooking space with bench and a separate sink bench area both of which allow plenty of room for whipping up culinary creations from the days catch. Plus the three fridges and a single freezer can carry all your food and drinks for longer trips away. Sleeping up to 8 overall she has a master double cabin, two singles in another cabin, with a double below and further sleeping which can be made up in her saloon or near her helm. She features two helm stations, with the main deck helm raised giving excellent visibility along with a good array of electronics. The cockpit is roomy at almost 4m in beam and her extended duckboard provides a great space for fishing and divers alike. Twin USA Star Power 260hp (International) on shaft drives supply 18 knots cruising and a sprint up to 25 knots to get you to where your going at a decent pace. Economy, comfort and stability are all supplied in this NZ designed and built vessel that impresses from any angle. Summer's almost here so make so make a time to view this today.
