

This Gulfstream 800 built in 1994 is a nice tidy vessel powered by the reliably built 150hp Volvo Penta ADAQ31 diesel engine with a duo prop drive. She can comfortably cruise at 13 knots with a max of 23 knots. A good range of electronics are onboard to guide you. This easy to handle boat has a lockable 2 berth cabin with separate head. Plus a compact functional galley with lots of storage spaces scattered throughout making her great for overnight trips. The owner would consider trading on an, up to 12m European grp yacht e.g Lotus or similar. Summer will be here before we know it, make sure you are ready by viewing this launch today.
