

If you know you KNOW; Bill Barry-Cotter while still at the helm of Riviera said “For what it’s worth, this is my favourite Mariner...it’s a semi-displacement boat that can go places at low cost; the 43 could well be Riviera’s answer to the rising cost of fuel.” **As is expected this 1987 Mariner 43 Flybridge** is a great example of these big volume boats that will have you out mid-ocean in no time. A well thought out and large volume boat that can take you on coastal passages, fishing trips, weekends away or perhaps be the ideal live aboard. A large saloon provides the perfect place to entertain your guests. There are a total of 8 berths plus you could sleep one more in the flybridge. The two bathrooms make it comfortable for larger groups or families. The galley is a good size with oven, 4 burner gas hob, fridge/freezer, sink and ample storage in cupboards. On the foredeck there is space for a sunbed or stowage of a dinghy. In the cockpit there is additional fridge/freezer, sink and it is setup with ample fishing room. This boat is made for spending time aboard in comfort. The boat has the receipts and documentation to show maintenance work done and in the past has been in survey, it is ready for your viewing today, so don't delay.

TL4445

\$265,000

Engines

Make: Detroit V6 twin turbo

Year: 1987

Hours:

Cylinders: 6

Horsepower: 475hp

No of Engines: 2

Fuel Type: diesel

Fuel Capacity: est. 2000Ltrs

Tank Material: GRP

Consumption: est. 7Ltrs per side @ 1000rpm

Prop type:

Shaft or Leg: shaft drive

Thruster:

Max Speed: est. 21 knots

Cruise Speed: est. 10 knots

Construction & Measurements

Hull Material: GRP solid

Deck/Cabin Material: GRP

Builder: Mariner Australia

Designer: Mariner

Length: 13.7m

Beam Width: 4.5m

Draft: 1.2m

Displacement: 19,000kgs

Equipment
