

When looking for a well built sports fishing or cruising launch you'd be wise to consider this Tauranga built Oliver 400. Offering a lot of extras when compared to Australian built boats of a similar age.

There is also plenty of room for everyone whatever the adventure maybe. With quad berths up forward, a double on port, and another dropdown in the saloon there's plenty of room for 8 to sleep. Leather seating and a wood interior make for a comfortably spaced saloon that flows out to the cockpit.

The boat is ready for game fishing this summer, with outriggers, live bait tank and large cockpit. But if you don't catch the "big one" it will be just as much fun sitting at anchor barbequing and drinking sundowners.
